Plus™-system with individual adjustment of the head support.

Armrests follow the movement of the backrest, assuring a comfortable angle for your arms in all positions.

A sleek and intuitive remote control, conveniently attached by a magnet at the armrest.

Integrated legrest with full support.

- Individual motorised movement of the back, leg and headrest angle.
- Plus system for superior support to your head and lower back.
- Full 360 swivel
- Add heating only or heating combined with a light massage.
