

Come l'omonimo divano, anche il letto Mies si riconosce per il segno orizzontale. I piedini sottili danno slancio al design, così come la testiera alta, da personalizzare con la fascia perimetrale a contrasto. A completare il letto sono cuscini a rullo opzionali, ideali per leggere o guardare la TV.

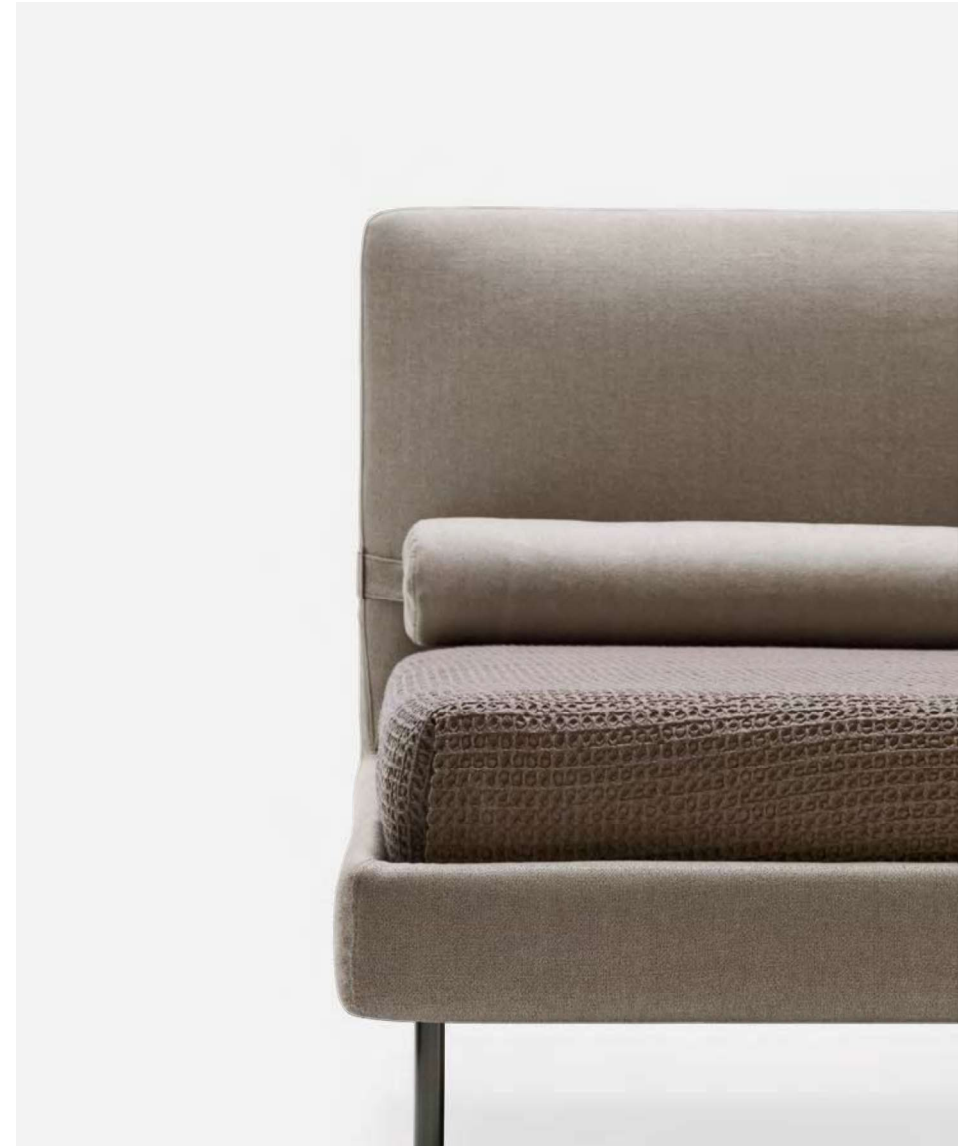

Like the sofa of the same name, the Mies bed is characterized by its horizontal design. The slender feet give dynamism to the design, as does the tall headboard, which can be customized with a contrasting perimeter band. Optional bolster cushions complete the bed, ideal for reading or watching TV.
