Come suggerisce il nome, Kilian round è la versione più morbida e rotonda del letto Kilian. In questa variante, la testiera ha due sole cuciture, dimensioni più contenute e angoli che si addolciscono in una curva. Kilian round è disponibile sia sospeso sia a terra, con il pratico elemento contenitore.

As the name suggests, Kilian round is the softer and rounder version of the Kilian bed. In this variant, the headboard has only two seams, smaller dimensions, and corners that soften into a curve. Kilian round is available suspended or on the ground, with the practical storage element.
